SAFETY

At Eltham Swimming School, Safety has always been our priority

Now there are extra Layers for us (and you)

Our Program

Is aimed at making your children as Water Safe as possible, whilst also making them excellent swimmers

Our Water

We have invested heavily in our water quality. These days, many facilities attempt to “disguise” how they treat their water. If you have heard of “SALT” or “MINERAL” water treatment, think “CHLORINE”
You cannot legally swim in commercial pool if it is not treated with Chlorine, and that is because it is not safe. Our Victorian Health regulations require Chlorine.
“Salt” & “Mineral” pools mean *chlorine is made on site* from the Salt etc.
If something goes wrong, you can be in a pool with no chlorine, and therefore be in an untreated pool.
However, We can minimise the level of chlorine and it's byproducts.

**We do this by using Ultra Violet Light plus low chlorine.
It is the best & the safest**

How does this work?

Ultra Violet light has a bad reputation. *UV protection in sunscreen etc!!*. However, for sanitising water it **excels**. We keep it totally enclosed in a large stainless system (as pictured), where it works its magic. The pool water is completely sanitised each time it passes through our UV chamber, and then treated with Low chlorine. This is the best system available. It makes our pool the safest and healthiest water to swim in
Check out the Hanovia system here:-
https://www.youtube.com/watch?v=v-mT_jFrPDs

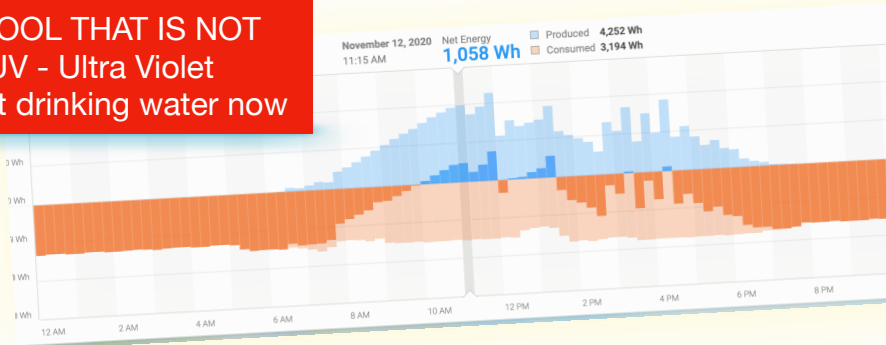

The other Alternative to UV (Ultra Violet Light) is Ozone treatment. Ozone treatment is as effective as UV.

So why don't we use Ozone?

Ozone is a gas added to the water as a purifier, but must be removed from the water prior to being returned to the pool.

We are not happy adding Gas to our water, so we have gone with UV, which is just a ray passing through the water in a secure Stainless steel Vessel. The only disadvantage is that UV uses quite a bit of electricity, but we have our 25 kw of Solar panels to help

**DON'T SWIM IN A POOL THAT IS NOT TREATED WITH UV - Ultra Violet
It's even how they treat drinking water now**

CRITICAL POLICIES

We have certain policies that we ask you please ensure you are aware of.
A summary is attached, but please ensure you are familiar with the full policy
Policies are available at reception and on our website

MAKE - UP LESSONS

Policy attached. Please ensure you use the correct notification methods & adhere to timeframes

SUPERVISION OF CHILDREN BEFORE & AFTER LESSONS

Supervision of children before and after swimming lessons is a parent / guardian responsibility.
No children are to be in the water unless invited in by their teacher.

SWIMMING ATTIRE

Swimming attire should be correct & appropriate, and not limit the ability of the children to swim easily. Children not toilet trained must wear an appropriate Swimmer Nappy or similar.

DANGEROUS ARTICLES

No breakable articles, such as glass or similar, are to be brought into the pool area. Please carefully check drink containers

NO FOOD POLICY

We have a "No Food Policy" within our centre, for hygiene and allergy reasons.

PHOTOGRAPHIC & VIDEO IMAGES

Taking photos & Video is permitted on the condition you only include the children in your care, and do not include others, even incidentally.

PRIVACY POLICY

Our Privacy policy is available on our website

Hanovia UV brings in the bubs at Eltham Swim School

"Since we installed our Hanovia UV system a little over twelve months ago, we have experienced a 30% increase in registrations in our "5 and under" class. Once word got around that our pool water quality was far superior to other pools, we have seen a steady stream of new parents enrolling their kiddies." Kevin Fitzpatrick, owner and proprietor of the Eltham Swim School in Eltham Victoria.

Kevin Fitzpatrick, owner and proprietor of the Eltham Swim School in Eltham Victoria, couldn't be happier with the difference his Hanovia UV system has made to his business. "Since we installed our Hanovia UV system a little over twelve months ago, we have experienced a 30% increase in registrations in our "5 and under" class. Once word got around that our pool water quality was far superior to other pools, we have seen a steady stream of new parents enrolling their kiddies." Kevin reports that everyone associated with his school has benefited from the new UV system supplied and installed by Fluidquip Australia. Staff and parents have passed comment on how fresh the water and air is in the pool as compared to other indoor pools. Kevin explains that that one parent recently approached him and asked "How can your pool water be so much better than other pools?" Kevin explained to the parent that his UV system largely removes the harmful chloramines (otherwise known as "combined" chlorine) that accumulate in all indoor pools. These chloramines are responsible for the awful smell and sore eyes that are often associated with indoor pools. Once the parent learned the secret of Kevin's superior pool water, she went on to tell Kevin "I'll be telling everyone I know to come to here!" That of course was music to Kevin's ears!

Prior to the introduction of the UV system, Kevin required weekly "super chlorination" and nightly "shock" chlorination just to keep pool chloramines at bay. Even after these measures, chloramine levels remained higher than Kevin wanted. Virtually as soon the Hanovia UV system was commissioned, chloramines levels dropped dramatically – well below the levels Kevin was able to achieve previously. "Super chlorination has become a matter of history for me since we installed the Hanovia UV system." Kevin has also reduced the free chlorine level in the pool because chloramines are now controlled by the UV system rather than elevated levels of free chlorine.

From a business perspective, the UV system has provided Kevin with significant opportunities. "Prior to the UV, I would close the centre for 48 hours a week to conduct super chlorination. Now I have the opportunity to open 7 days a week if I wished to." The UV and the associated chemical control system installed by Fluidquip Australia also significantly reduce his OH&S risk. This is because Kevin and his staff no longer need to manually handle pool chemicals. "Not only is our pool water now of excellent quality, it no longer requires manual intervention (in the form of chemical addition) to keep it that way." Having been in the swim school business for 29 years, Kevin is also very complimentary about his relationship with Fluidquip Australia. "Fluidquip are fantastic" says Kevin. "I have been in the swim school game for a long time and I know when suppliers are being less than honest. One of the things I really like about Fluidquip is they are not like that at all – they are very honest and genuine to deal with." Kevin goes on to say "right from the start Fluidquip presented very well as a company. I was very confident they could offer me the personalized service I was looking for. They have certainly lived up to this, providing me with prompt service whenever I need it."

ABSENCES & MAKEUP LESSONS

We offer a very generous MAKE-UP lesson system, however conditions apply.

The Critical Condition is that we must be notified by the Cut - Off times (See below)

Students who are unable to attend lessons can organise make-up lessons. Make-up lessons can only be provided if spaces are available. Clients are expected to accept lessons offered. Make-up lessons expire only when a swimmer discontinues their enrolment. We endeavour to satisfy all requests, but cannot guarantee make-up lessons will be available at your preferred time. We strongly advise all students attend their normal allocated lesson time, as losses will be borne by the absentee.

Our system relies on us being **ADVISED** as early as possible of your absence. This allows us to use your time for someone wanting a make-up lesson.

When you are seeking a make-up lesson, early notification by others makes organising a Make-up lesson easier for you

NOTIFICATION CRITERIA

At least 1 Hour prior to your lesson time or earlier if possible:-

Exceptions

where your lesson time is :-

before 10 am or 3.30 - 5 pm Weekdays *or*

before 9 am on weekends

HOW TO NOTIFY US

- **Log in to your Customer Portal and log your absence** (see next page for directions) **or**
- **SMS to 0400 072 991** **or**
- **email to absences@elthamswim.com.au**

Make-up lessons are organised by email or in person at reception

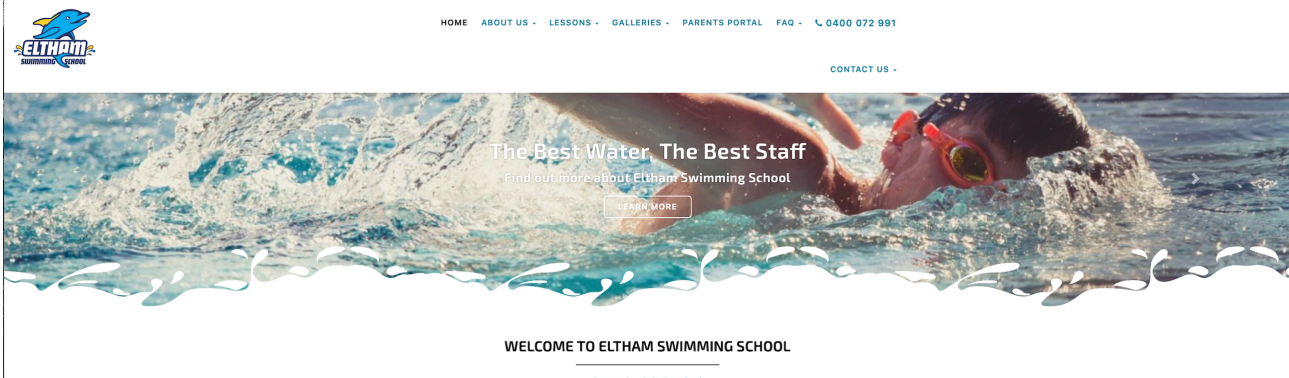

Make-up lessons can be taken at anytime you are enrolled at Eltham Swimming School. Make-up lessons can ONLY be taken as an extra makeup, and cannot be used as your normal lesson. Under no circumstances are fees refunded or deducted.

“Tess’ Tots” - Program for children 4-24 Months

With a commencement age of 4 months, this program forms the foundation for fast tracking a safer, independent and competent child in the water. Classes ensure that feel, respect and love for the water is developed.

Parents share in the joy of their child’s development as they are guided by our specialist infant teachers. At two years of age children are generally ready to move to a more formal program to develop skills independently without Mum or Dad in with them.

Classes are with an average of 5 children per class. We hold these lessons on each morning, 7 days per week.

Payment is done via a monthly direct debit, calculated at a lesson rate as per fees page (averaged evenly each month).

What if my child is older than 24 months?
Your child will swim in our 2 years+ program. These are an average of 5 students per class.

MEMBERSHIP TERMS AND CONDITIONS

ENROLMENTS – LESSONS & SQUADS A signed enrolment form is to be completed, and submitted, with acknowledgement of terms and conditions. All new enrolments are completed by either submitting an Enrolment form, and completed Ezidebit Direct Debit form, in person, or by emailing a scanned copy to enquiries@elthamswim.com.au. Places are only secured once a completed direct debit form (EziDebit) and Enrolment form has been received, within 7 days of enrolment, or at your first lesson, whichever is the earlier. We do not hold places beyond these times.

CURRENTLY ENROLLED CLIENTS Continuing enrolment is deemed to be acceptance of these terms & conditions

ENROLMENTS ARE ONGOING Eltham Swimming School bookings are an ongoing booking, and once enrolled your booking will continue until an emailed **withdrawal notification** is received, subject to our cancellation policies (detailed below). Enrolments are on a **term** basis, however we charge fees by averaged monthly Direct Debit. Re-enrolments from Term to Term, and from Year to Year are not necessary once you are enrolled. This is an automatic re-enrolment.

NON TRANSFERABLE Memberships and lessons are non-transferable to other people and cannot be converted to other products or services.

REQUEST FOR LESSON CHANGES While every effort is made to accommodate requests for change, it is dependent on the availability of vacancies and no guarantee can be given to accommodate exact requests. At year end, a **LESSON CHANGE REQUEST FORM** is required to be submitted in person or by email to enquiries@elthamswim.com.au if you wish to change your lesson time. If wishing to retain your current lesson booking, you do not need to do anything, as this is an automatic procedure.

FEES & PAYMENT METHODS Lesson & Squad fees are paid by monthly Direct Debit (using Ezidebit), however bookings are for Terms listed below.

BOOKING LENGTH Bookings are for a **MINIMUM** of a full term (4 Terms per calendar year). Cancellations are only available at the end of each term, which conclude on the following dates. Students with Medical Certificates are excluded from these booking dates. Cancellation of upcoming terms is required two (2) weeks prior to the commencement of the upcoming term. Our terms have set conclusion dates.

Term 1 Good Friday (Easter) **Term 2** 30th June **Term 3** 30th September **Term 4** 18th December

ANNUAL CALENDAR An annual calendar is produced, and on display at the swimming school. Dates are posted on our website (www.elthamswim.com.au). It is the client's responsibility to make themselves familiar with dates.

MISSED LESSONS Compensation for missed lessons or make up lessons is not available (other than as Make – up Lessons) as a child's spot in a class is reserved solely for her / him during the term regardless of attendance. Missed Lessons due to Government imposed Lockdowns. The first 2 missed lessons of each and every Government imposed lockdowns will be credited as Make - Up lessons with fees cancelled for lessons in excess of the first 2 lessons of each and every lockdown.

MAKE-UP LESSONS Students who are unable to attend lessons can organise unlimited make-up lessons. Make up lessons can only be provided if spaces are available. Clients are expected to accept lessons offered. Make-up lessons expire **only** when a swimmer discontinues their enrolment. We endeavour to cater to the needs of make ups, but as there can be no guarantee of spots becoming available for everyone, we strongly advise all students to attend all their allocated classes as losses will be borne solely by the absentee.

In addition, the following conditions apply:

The Eltham Swimming School office must be notified of non-attendance by either
